Pura Vida COSTA RICA

Costa Rica's stunning scenery is a panorama of volcanoes, mountains, beaches, jungles and ever-changing countryside. With a population of friendly people, spectacular birds, diverse animals and countless flowers it has enough variety to guarantee something to suit everyone!

White Water Rafting

Imagine exploring virgin rainforests and the thrill of whitewater rafting in Costa Rica. This trip is an Alpine tradition, with group trips departing every Memorial Day, Labor Day and Thanksgiving weekend. Each long weekend rafting trip provides three days of intense, exciting, white water rafting through the jungles of Costa Rica. Monkeys, jaguars and an array of exotic birds are frequently found along the banks of the rivers. Extend your vacation for a few days and visit another part of Costa Rica. One of our old favorites is a trip to the Arenal volcano area.

Arenal

Characterized by an impressive active volcano, cloud forests, waterfalls, rich vegetation and wildlife, the area surrounding the Arenal volcano is one of Costa Rica's most popular spots. Visitors can choose from a variety of activities including swimming in natural hot springs, horseback riding, canopy tours, water sports, hiking, mountain biking, wildlife observation, natural parks, an aerial tram, fishing, ATV tours, spa treatments and volcano watching. The main attraction is the Arenal volcano, which delights visitors with a show with eruptions and lava. At its base is a reservoir perfect for practicing windsurfing, taking a boat tour or sport fishing. The volcano also produces thermal waters that offer visitors a choice of relaxing parks with hot springs. Alpine Adventures always recommends this as the best way to unwind after a few days of white water rafting on one of our group trips.

San Jose

Costa Rica's capital city is San José, located in the central valley; it is the main hub for visitors with several great options in the surrounding area. For those wishing to learn more about the country there are five impressive museums to choose from, Gold, Jade, national, Contemporary Art and Children's. In addition to the museums, there are walking tours of the city, which allow visitors to explore the history and architecture of sites such as The national Theatre, parks, schoolhouses and other historical buildings. Those who wish to venture outside of the city will find an endless array of day excursions including Canopy Tours, mountain biking, horseback riding, butterfly farms, river rafting and hiking. San Jose's visitors will not lack activity in the evenings with endless discos, restaurants and bars.

Central Pacific

The area from Puntarenas to Manuel Antonio comprises one of Costa Rica's most well known regions, the Central Pacific. The entire coast is made up of magnificent beaches, some quaint and others filled with resort activities. As this area is located less than 2 hours from San Jose, it is a convenient escape from the hustle and bustle of the city. Known for having endless activities and top resorts, the area attracts visitors from all over the world. Beaches, golf, surfing, canopy tours, sport fishing, horseback riding, bird watching, hiking and waterfalls are among the main attractions. A visit to the Central Pacific region would not be complete without spending time in Manuel Antonio National Park. The park limits the number of visitors to protect the ecosystem within and it is famous for its animals, plants and beaches. Exploring the vast network of trails it is possible to see sloths, ocelots, river otters, pacas, spectacled caimans, monkeys, iguanas, toucans and scarlet macaws.

CURACAO

What a wonderful find, the island is hospitable and always sunny; with a beautiful breeze! One of the "ABC" islands, Curaçao is just West of Aruba and East of Bonair. The island is 182 square miles with a population of 130,000-140,000. I explored Christoffel Park and Shete Boka National Park and wow, it was amazing. I went into the caverns, hiking, and I saw some spectacular views of the ocean and swells coming into the caves. I was able to meet with the Project Manager at Riffort Village and was fascinated by the history of this shopping & entertainment complex. It was actually a fort (still standing & beautiful architecture) being converted and restored into a wonderful shopping, restaurant, and historical village. The cuisine, shopping, and nightlife are abundant and easily accessible.

The friendly people, wonderful climate, crystal clear seawater, spectacular diving, floating market, pontoon bridge, secluded bays, national parks & caves, entertainment, activities, and history makes Curaçao a travelers paradise.
